Our vision

cycling becomes a normal part of everyday life for all ages & abilities in Ireland

Our mission

to act as a strong voice in promoting cycling as
- an integral part of the transport system and
- an enjoyable, healthy, low-cost & environmentally-friendly activity in its own right

5

"I think it has done more to emancipate women than anything else in the world. It gives women a feeling of freedom and self-reliance. I stand and rejoice every time I see a woman ride by on a wheel...the picture of free, untrammelled womanhood."

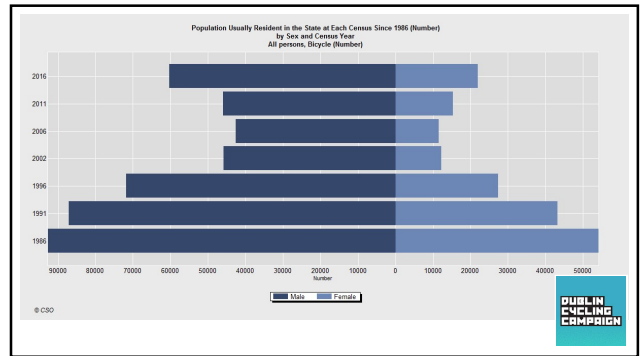

Susan Anthony, 1896

15

European Level

16

Cycling must be an equal partner in the mobility system, with the wider societal benefits of active mobility being fully internalized.

Cycle use in the EU should **increase by 50%** by 2030

The **rate of fatalities and serious injuries** among cyclists should be **halved** by 2030.

Should be **€3bn invested** in cycling projects in the EU's 2021-2027 budget & €6bn invested in the next.
